

How does Teen Summer Reading Work for Grades 5 and up?

- ◆ Each teen will get a reading log.
- ◆ Five days per week, we hope that teens are doing at least 30 minutes of reading.
- ◆ Readers can initial a circle on their log for each unit of reading completed (30 minutes).

When are they eligible for prizes?

When a reader reaches a colored circle they can come pick up a prize.

The idea is that they will earn a prize once a week, but they can read more than the goal and complete multiple logs.

When they pick up their prize they also get a ticket that they can place into a drawing.

The first 25 to complete a reading log will also get a token for a free ice cream at Moo's Place!!
