

Director's Report May 2024

We got a great review on Google from a patron. "Friendly and helpful, the library and staff are a Hampstead treasure! Great online resources too."

- Working on the summer schedule adjustments. Pages will be here more, Joe can work more, and April will be expanding some of her responsibilities so minor changes there.
- Posted job for the Library Assistant and have received 3 applications so far.
- RFP for the gutters was posted in town hall, here, and put in the Eagle Tribune for a couple days. I've made the deadline June 11 and we will open them at the June 18th trustees meeting.
- Completed reviews for several staff
- Library has started a new games series Thursday evening: Mah Jongg
- Community calendar is working well
- The Hampstead Images of America book created by Julie, Merrily, Rob and Ginny has released to the publisher and will be completed near the end of August. Folks can pre-order copies at the front desk.
- Windows have been washed for the spring.
